Приклад написання твору

43. Dear aunt Lucy,

First of all I'd like to thank you for your attention and the presents you sent me. They are truly magnificent! Mom is as delighted with them as I am. How very kind of you to remember my birthday.

I also want to write you a little about myself and my future plans. I passed my school exams successfully this summer and soon I'll have my entrance exams to the University of Finance and Economics, Management Department.

My dear, could you help me to find some instruction books? It would be good if you could send me a course in Accounting and a Dictionary of Economics.

I hope I didn't make you weary with my requests. Please remember me to Sam and kiss my little sister Lil.

With love,

Affectionately yours,

Sam.
